How popular was Indira Gandhi? Let's find out!

Instructions: Read the text aloud.

Throughout the years following independence, Gandhi became a national political figure. She was president of her party and served as the Minister of Information and Broadcasting in the government. In 1966, Gandhi was elected as the first woman prime minister of India. For many Indians, Gandhi used to be a symbol of hope in India. Her face and her trademark, the famous streak of gray hair, would become the symbol of stability in the country. They saw her as the "Mataji," or Great Mother of India. To her critics, however, Gandhi was a dictator who would only think of her own popularity before the best interests of the country.

Although Gandhi was popular among the majority of Indians, she was disliked by some factions within her country. One of these groups was the Sikhs, a religious group with 13 million followers. In 1984, Gandhi was assassinated by her own Sikh bodyguards. Her son, Rajiv Gandhi, succeeded her as prime minister until 1989.

Although Gandhi has remained a controversial figure in Indian politics, she is remembered as someone who has greatly influenced the developing character of India.

Tense	Explanation	Form
Simple Past	Action is over and has no connection to present	Use "ed" for regular verbs.
Present Perfect	Action happened in the past, but there is some connection to the present, action may still be happening in the present	use "have or has" and past participle of verb

Examples:

- *Indira Gandhi died in 1984. (Simple Past)*
- *Indira has been a symbol of hope in India. (Present Perfect)*
- *Indians saw her as the "Mataji". (Simple Past)*
- *Some people have seen her as a dictator. (Present Perfect)*

Used to and Would Talk About Past Habits

When you talk about routines in the past, you can use the expressions **WOULD** and **USED TO**, followed by the verb in the basic form.

Examples:

Many people would criticize Indira Gandhi.

This leader would only think of his own popularity Gandhi used to be a symbol of hope in India.

Indira's streak of gray hair used to be famous.

When you use the expression **USED TO** in the negative form, you use the auxiliary **DID**. Look at the change in the expression:

Some people didn't use to like her ideas.

I didn't use to know anything about Indian history.

Use **WOULDN'T** for the negative form of the expression:

The Sikhs wouldn't follow Indira Gandhi when she was the prime minister.

WOULD is usually supported by a time expression for the past habit:

During her time as prime minister, Gandhi would only think of her own popularity.
